

We dedicate JB Homes to those who want to relax at the highest level in combination with the latest trends in the world of design. Premium mobile homes are projects characterized by interesting architectural solutions and elegant, representative appearance.

Full equipment and ergonomic arrangement of devices will allow you to move into the home immediately.

PUR foam insulation of 18 cm covering the steel structure in combination with underfloor heating will ensure constant, optimal temperature inside the mobile home.

High-class finishing materials give the interiors a luxurious character. Elegance while practicality of the materials used.
